

CENTER OF EXCELLENCE IN SPECIALIZED COSMETIC SURGERY – TRUNK, BREAST & EXTREMITIES

In partnership with key opinion leaders and industry professionals, SRC developed the Center of Excellence in Specialized Cosmetic Surgery -Trunk, Breast & Extremities (COESCS-TBE). The COESCS-TBE program identifies surgeons and facilities worldwide performing cosmetic surgery and achieving defined standards for patient safety and care quality.

SPECIALIZED COSMETIC SURGERY – TRUNK, BREAST & EXTREMITIES

PROGRAM REQUIREMENTS

1. INSTITUTIONAL COMMITMENT TO EXCELLENCE

The applicant facility is committed to excellence in cosmetic surgery procedures “encompassing all body regions” and has credentialing and privileging guidelines cosmetic surgery. The facility must be accredited by a recognized accrediting organization for either or both inpatient and/or outpatient surgery.

2. SURGICAL EXPERIENCE

The applicant facility performs at least 400 qualifying TBE cosmetic surgeries annually. Each applicant surgeon performs at least 250 qualifying TBE cosmetic surgeries annually and has served as the primary surgeon for at least 400 qualifying TBE cosmetic surgeries in their lifetime. The applicant surgeon must be in the clinical practice of cosmetic surgery a minimum of three years prior to application. Minimum annual regional case volumes:

a- Breast augmentation/lift	75
b- Abdominoplasty/liposuction	75
c- Extremity remodeling	50

Applicants perform anesthesia in a standardized manner and use a template for anesthesia documentation to ensure proper data collection for procedures.

3. PHYSICIAN PROGRAM DIRECTOR

The applicant facility must appoint a Physician Program Director for the COESCS-TBE program who is accredited or in the process of becoming accredited.

4. CONSULTATIVE SERVICES

The applicant facility must have a full complement of consultative services required for the routine and intensive care of cosmetic surgery patients and their potential complications including: Anesthesiologist or CRNA, ACLS-Certified Physician or team, Protocol for transfer to higher level facility (written transfer agreement) for unanticipated emergencies.

5. EQUIPMENT & INSTRUCTIONS

The applicant facility must maintain a full line of equipment and surgical instruments to provide perioperative care for cosmetic surgery patients. Facilities must have documented training for appropriate staff in the safe operation of this equipment.

6. SURGEON DEDICATION AND QUALIFIED CALL COVERAGE

Each applicant surgeon has privileges in cosmetic surgery or plastic surgery with an emphasis on cosmetic surgery at the applicant facility, is board-certified or an active candidate for board certification in their surgical specialty and has qualified call coverage. Each applicant completes at least 12 hours of CME focused on cosmetic surgery every three years.

7. CLINICAL PATHWAYS AND STANDARDIZED OPERATING PROCEDURES

Applicants formally develop and implement all required clinical pathways that facilitate the standardization of perioperative care for cosmetic surgery procedures. Clinical pathways are supported by standardized preoperative, postoperative and discharge physician order sets.

8. SURGICAL TEAM AND SUPPORT STAFF

For each department seeking accreditation, the facility is required to have a designated program coordinator, along with nurses, physician extenders, and a consultative team. This team must be committed to providing high-quality patient care and participate in ongoing, regularly scheduled in-service education sessions to uphold accreditation standards.

9. PATIENT EDUCATION

The facility and each applicant surgeon provide all cosmetic surgery patients with preoperative patient education, have a process for obtaining informed surgical consent and selecting procedures that are most appropriate for each patient’s condition.

10. CONTINUOUS QUALITY ASSESSMENT

All applicants must collect prospective outcomes data on all patients who undergo cosmetic surgery in SRC’s Outcomes Database (or a similar qualifying database).

This is a summarized list of program requirements which is subject to change. For additional information, please contact SRC by emailing businessdevelopment@surgicalreview.org or calling 919.438.2156.
